### upscale restaurants for dinner in Porto?

Which restaurants would you recommend for traditional or contemporary Portuguese food in Porto?

Thanks for any suggestions.;

Much like Lisbon, I've often had better meals in simpler restaurants, but some of these places below are a bit pricier and upscale.

For some traditional meals in the moderate/upscale range:

O Tripeiro - Traditional and I've had some good meals here over the years.

Restaurant Barão de Fladgate (At the Taylor Port House in Gaia with nice views of the River)

Restaurante Portucale - Very chic, yet a bit old school on some levels.

Café Majestic - A classy Belle Époque cafe which might be nice for lunch or a snack.

Foz Velha - Contemporary and Upscale
