Barao de Fladgate Restaurant in Porto is located inside of the [Taylor's Port](#) wine tasting rooms. Barao de Fladgate is high on a hill overlooking the river and the brightly colored houses of Porto.

The views aren't all that make this place great, though. Barao de Fladgate is one of the best seafood restaurants in Porto and of course boasts of some of the best Port as well. There is a prix fixe menu for 26.00EUR, or you can choose from the a la carte menu, where mains are around 15.00EUR.
