### Barão de Fladgate Restaurant (Taylor's)

Category: [Traditional Houses](#)

Located near Taylor's caves and tasting rooms, this amazing restaurant is considered to have one of the most beautiful views of Oporto. On the V.N.Gaia margin of River Douro (as well as all the other Port Wine main brands), **Barão de Fladgate** is high on a hill, overlooking the river and the brightly colored houses of Oporto.

However, not only the views make this place great. The service is top quality, and the food is very well served. **Fladgate** is one of the best seafood restaurants of the city, and of course, serves some of the best Ports. The dining room is open and comfortable, with an english style. In the summer time, the **Barão de Fladgate** expands to the outdoor space, providing amazing views of River Douro and Dom Luis I bridge.
